3 April 2018
FOR IMMEDIATE RELEASE

Erie, CO – Chimera Lighting will introduce a frameless Lightbank and a Lantern for the Litepanels Gemini at the upcoming NAB Expo in Las Vegas.

The Lightbank is lightweight, collapsible and handmade in Colorado to Chimera's high quality standards. The Lightbank uses Chimera standard small size front screens and increases the aperture of the Litepanels Gemini to 24" x 32" (607 mm x 83 mm). The Lightbank (p/n 1629L) will be sold as a kit, with grid-less front screens in Full and Half, packed in a messenger style kit bag, all weighing less than 2 lbs (0.9 kg).

The Chimera Lantern for Litepanels Gemini kit (p/n 1842) uses a frame to mount in the fixture accessory holder and expands to 28" x 35" x 22-1/2" tall (711 mm x 889 mm x 572 mm). The kit includes 27-1/2" (698 mm) skirts, which can be rolled up and down to control spill. The kit packs into a zippered duffel.

The Chimera Lightbank and Lantern for Litepanels Gemini will be shipping on or before 1 May 2018. These products will be available from Litepanels distributors and the global Chimera dealer network.

Visit Chimera at the upcoming NAB in booth C4749 for a look at this and other new products. For additional information on CHIMERA's Lighting Products and to find your nearest dealer, visit www.chimeralighting.com.

ABOUT LITEPANELS
