INSTRUCTIONS

MODEL #1810 / #1810E

Birdcage™ Lantern

Omni Directional Diffused Accent Light with
Adjustable Black/Silver Wrap Skirt

Welcome

Thank you for purchasing your CHIMERA Birdcage Lantern. CHIMERA'S commitment to produce professional, dependable and versatile lighting products for the lighting industry has not changed since 1981.

Important Safeguards

1. When using this lighting instrument, basic safety precautions should always be followed.
2. Read all instructions to familiarize yourself with all the aspects of using this light.
3. Before handling the lamp, let the unit cool down and unplug the unit before changing bulbs.
4. Use Mogul based lamps and medium based household bulbs with a maximum wattage of 500 Watts.
5. Do not operate this light with a damaged power cord.
6. The use of a GROUNDED AC outlet is recommended.
7. This unit is not water resistant and not recommended for use in environments where excessive water is present.
8. When using in the horizontal position, it is recommended that you use heat shield material under the lantern or a lower wattage bulb.

Description

Inspired by cinematographer, Rich Underwood, and refined by Chimera's engineers, the new CHIMERA Birdcage Lantern light has emerged as a unique addition to the CHIMERA family of Lightbanks. This new innovative design offers flexible use – hang it, stand it up, lay it down, or put it on a stand with the new CHIMERA #3860 stand adapter. The light can be shaped and controlled with the adjustable wrap skirt, adding a small to moderate area of soft accent light.

Components

The Chimera Birdcage is made up of a cage style structure having a ceramic Mogul base light fixture. The cage structure is then wrapped with its diffusion cover. Added light control is produced by using the black/silver wrap skirt. The top features a handle for carrying or hanging the unit and the base has a standard 5/8" mounting stud as well as stand-offs for

Components (cont)

standing the unit in the upright position. The unit also has stand-offs on its side for placing the in the horizontal position. The screw-in adapter that reduces the Mogul socket to medium base household is included.

Features and Use

Hang it, stand it up, lay it down, or put it on a lightstand. Adjust the light coverage with its Black/Silver Skirt or with out it, for 360 degree coverage.
