

# INSTRUCTIONS FOR SPEED RING 9075

Fits up to four Mole Richardson Mickey Moles

**CAUTION:** THE MICKEY MOLE ACCESSORY HOLDER AND WIRE SCRIM MUST BE USED WITH THIS LIGHT FIXTURE/SPEED RING COMBINATION.

DO NOT USE POWER DRIVERS FOR ASSEMBLY

## Assembling the 9075:

- 1- Attach the four Mickey mounting bars to the outside of the frame as shown in the photo below using the supplied ½" Phillips head screws.
- 2- Attach the grip head bracket to the outside of frame as shown in the photo using the two 5/8" long Phillips head screws.
- 3- To attach the 2.5" griphead to the griphead bracket separate the two grip plates on the griphead and slide both sides around the two studs on the bracket: tighten in place.
- 4- Mount one, two, three or four Mickey's on the 5/8" studs on the mounting bars as shown in photo below.
